How to use this cards

Laying out tarot cards is done in a specific pattern called a “spread.” Each position in the spread has a meaning, and the card in that position is interpreted with that meaning in mind.

- Shuffle the deck while focusing on your question or intention.
- Draw three cards and lay them out in a row.

The Three-Card Spread

1- Past: Influences or events from your past that are relevant to your question.

2- Present: The current situation or challenge.

3- Future: The potential outcome or direction.
